These Terms and Conditions govern the usage of our "Online Reservation System" (hereinafter referred to as the "Reservation System") by customers to apply for travel arrangements through Inbound Platform Co., Ltd. (hereinafter referred to as "the Company"). Any matters not stipulated in these Terms and Conditions shall be governed by our Travel Business Terms and Conditions (Section on Arranged Travel Contracts) and the contents described on the introduction screen for relevant products on our website. Should you have any questions, please feel free to inquire.

※ This Commerce Disclosure page forms part of the "Transaction Terms Document" as outlined in Article 12-4 of the Travel Agency Law, and part of the "Contract Document" as prescribed in Article 12-5 of the same law. This is also created in compliance with the "Standard Travel Agency Terms and Conditions (Section on Arranged Travel Contracts)"

## 1. Application Fee and Contract Formation

To apply for a trip, customers are required to fill in the necessary information on the "Application Content Confirmation & Payment Screen" on our homepage, agree to the necessary terms, and electronically submit it to the Company.

Please note that once the application content is submitted, changes or cancellations are not possible. We advise careful review before submission.

A travel contract (arranged travel contract) for the trip applied for shall be considered established when the customer receives a reservation completion notice from the Company. However, a contract is still considered established even if the customer is unable to confirm the reservation completion notice due to issues such as reception terminal malfunction on the customer's end. If the reservation completion notice is not confirmed after submission, customers should verify it through the "Reservation Confirmation & Cancellation" section on our homepage.

In cases where it becomes impossible to arrange travel services, such as the unavailability of seats on the applied-for Shinkansen, the contract will be considered not established, and the customer will be notified accordingly.

Customers can verify their application details on the ["JR Line Ticket Purchaser's My Page."](#)

### Shinkansen Ticket Issuance Method

Within 48 hours following payment completion, the Company will arrange a QR code exchangeable for a Shinkansen ticket at Shinkansen ticket vending machines at JR stations. This QR code will be sent via email and can also be verified on the My Page provided in the email. For instructions on exchanging the Shinkansen ticket at the ticket vending machine, please refer to the relevant information.

When the application is made by a contract-responsible party representing a group or group travel, the Company will assume that the contract-responsible party possesses all proxy rights for the group constituents.

The Company reserves the right to refuse applications in circumstances where the customer is identified as a member of an organized crime group, associated with anti-social forces, or engages in actions deemed violent, threatening, or harmful to the Company's reputation or business operations.

Applications may also be declined due to operational reasons of the company.

## **4. Travel Payment Terms**

In cases where a member of a credit card company affiliated with the Company applies for the payment of travel fees and cancellation charges without a member's signature (referred to as a "communication contract"), the payment process will proceed as follows:

The "card usage date" refers to the date on which the customer and the Company are obliged to fulfill payment or refund responsibilities under the travel contract.

A travel contract under a communication contract is considered established when the reservation completion notice is received by the customer.

If the customer's credit card is deemed invalid or unable to settle the travel fees, the Company reserves the right to refuse the conclusion of the travel contract.

After application submission, the Company will arrange and notify the customer of reservation completion, followed by payment settlement.

## **5. Changes and Cancellations of the Travel Contract**
